

Profile

Product Designer specializing in UX research, service design, and visual storytelling. I turn user insights into product strategy, information architecture, and high-fidelity designs that improve usability, streamline operations, and strengthen brand identity collaborating closely with product, engineering, and marketing to deliver measurable business outcomes.

PROFESSIONAL EXPERIENCE

Product Designer, Lloyd Hunt Architect

Ontario, 2026

- Product strategy & research: conducted end-to-end service design research using personas, journey maps, and as-is blueprints to surface critical friction points; applied decision matrices and fishbone analysis to prioritize a product roadmap focused on high-impact usability improvements.
- Conversion-driven information architecture: redesigned website architecture, information hierarchy, and navigation to streamline the client acquisition funnel and improve task completion and findability for target audiences.
- Visual product identity & production: produced high-fidelity architectural photography and integrated visual assets with the UX framework to create a cohesive digital brand identity that strengthened market credibility and marketing effectiveness.

Internal Product Designer | POS Ecosystem Optimization, I LOVE PHO

Mississauga, 2026

- Spearheaded the digital transformation of a legacy POS system, resolving critical technical debt and operational failures to ensure 100% system uptime during high-traffic business hours.
- Re-engineered the end-to-end service blueprint, streamlining the order-to-fulfillment journey for staff which significantly reduced manual input errors and order processing latency.
- Optimized business efficiency by consolidating fragmented legacy tools into a unified internal product, enhancing staff productivity and driving a seamless customer dining experience.

Event Assistant, Event Crew

GTA, 2024 to 2025

- Supported major Toronto events including Annual Dinner 2025, DesignTO, CANFAR's Bloor Street Entertain 28, Limitless Gala 2024, CAFA Awards 2024, and oncall for Floral Werx | Europe Elegant.
- Executed event setups from concept boards, including table styling, venue décor, auction displays, and backstage support.
- Optimized wayfinding and spatial systems for high-volume environments, iterating on service delivery in real-time based on logistical constraints and live user feedback.

Experience Designer (Visual & Event), THG Trade & Service Co., Ltd.

2022 to 2025

- Designed integrated brand and audience experiences across visual systems, motion assets, and spatial environments for live events and campaigns.
- Translated client objectives into structured experience concepts that connected digital visuals with physical interactions, improving coherence across touchpoints.
- Collaborated with planners, marketers, and production teams to deliver end-to-end audience journeys and produced asset libraries and design specifications for seamless implementation.

PROJECT

TTC: Digital Wayfinding & Information Architecture

Sept 2025 to Dec 2025

- Conducted an information architecture audit and WCAG/AODA accessibility review to identify navigation and readability barriers.
- Ran moderated usability tests to validate pain points across key journeys and quantify impact.
- Proposed prioritized improvements to button hierarchy, color contrast, and content structure, and produced annotated wireframes and remediation recommendations for accessibility compliance.

Freshii: Omnichannel Research & Usability Optimization

Sept 2025 to Dec 2025

- Planned and moderated remote usability tests using think-aloud protocols to surface critical usability errors across ordering and checkout flows.
- Led qualitative synthesis of test sessions to identify root causes of user confusion and error patterns.
- Translated findings into prioritized UX recommendations and design changes to reduce task errors and streamline the omnichannel customer experience.

EDUCATION

Humber College

2025 to 2026

Post-Graduation Course in User Experience Design

Seneca College

2024 to 2025

Post-Graduation Course in Event Management - Creative Design

Hoa Sen University, Vietnam

2019 to 2023

Bachelor of Digital Graphic Design

COMMUNITY & VOLUNTEER EXPERIENCE

Designed and led inclusive beginner design workshops to help 50+ young people from diverse backgrounds build confidence and access creative, languages opportunities.
Get REAL Movement: Supported LGBTQ+ education and inclusive community events in Canada
